Hi Nicole,

On the comment letter, we took the clean version from 9/25/18 and incorporated identified changes and the yellow highlights from your 10/23/18 draft. We made one addition in blue highlight, and thought that the last yellow highlight was addressed in the first paragraph in the fate and transport paragraph.

Bob is out of the office till tomorrow afternoon, and will pull together the SME comments together, which we will route for final review.

Thanks,

lene
